

# CAREER SERVICES

---

Career Services is dedicated to providing comprehensive career-related programming that provides a range of services and support to assist students in career exploration, identifying pathways to achieve their goals, and become successfully employed. We support student success by fostering partnerships with students, alumni, employers, faculty, staff, administrators, and the greater community. Services are available free of charge to all students/alumni and include:

- Career assessments and exploration
- Employment search assistance
- Career readiness skill development
- Resume and cover letter writing and review
- Mock interviews
- Career fairs, workshops, and related career events
- Experiential learning opportunities
